Market scope changes the addressable opportunity

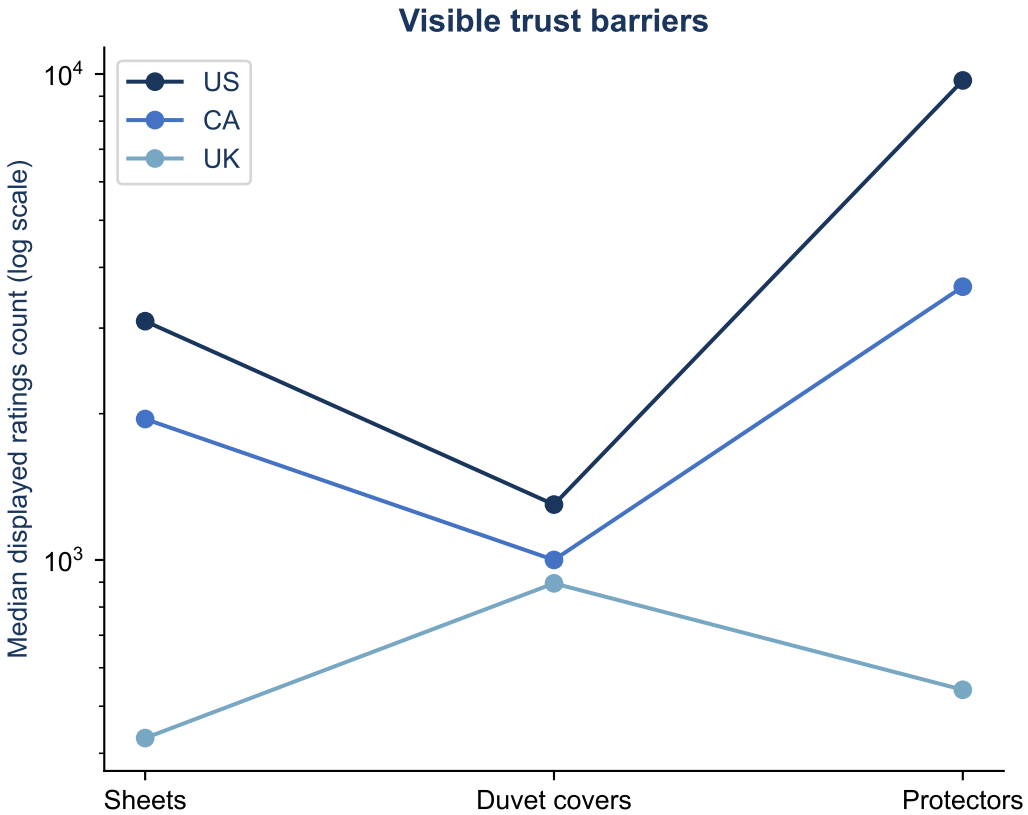

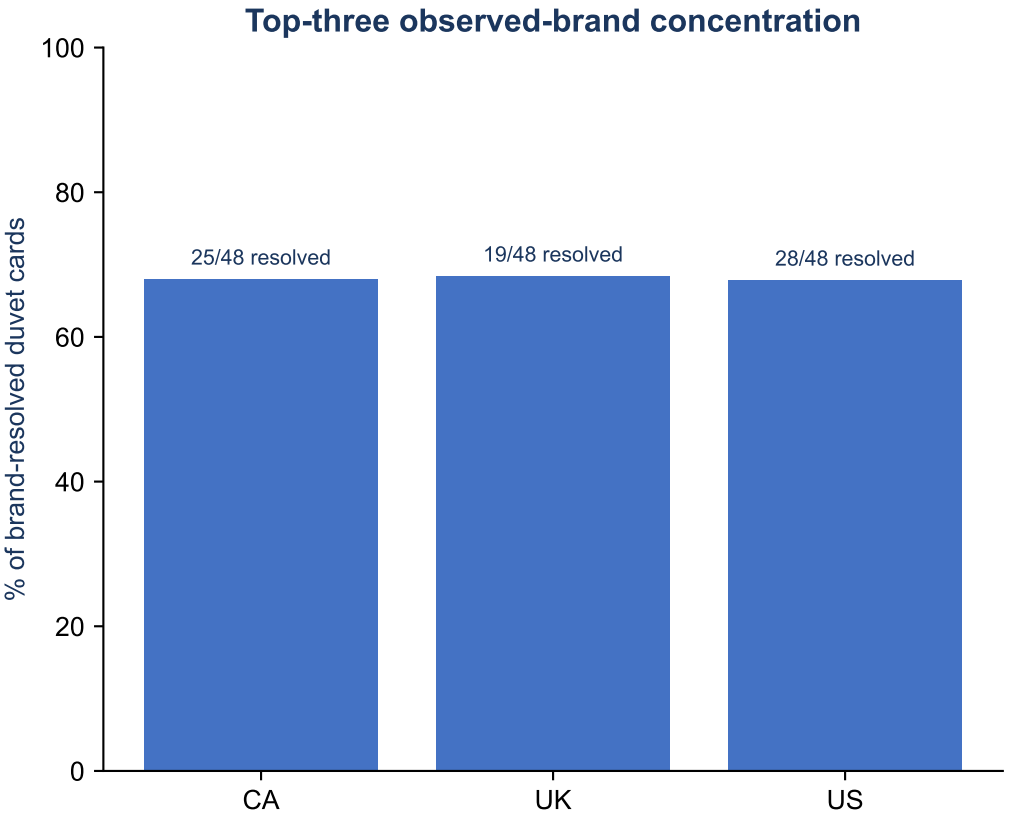

Left: GVR estimates include mattresses. Right: Mordor home-textile revenue x bed-linen share. Different scopes/years; neither is Amazon TAM. Sources M01-M03/M07-M09.

Discovery-sample price distributions, not normalized market prices

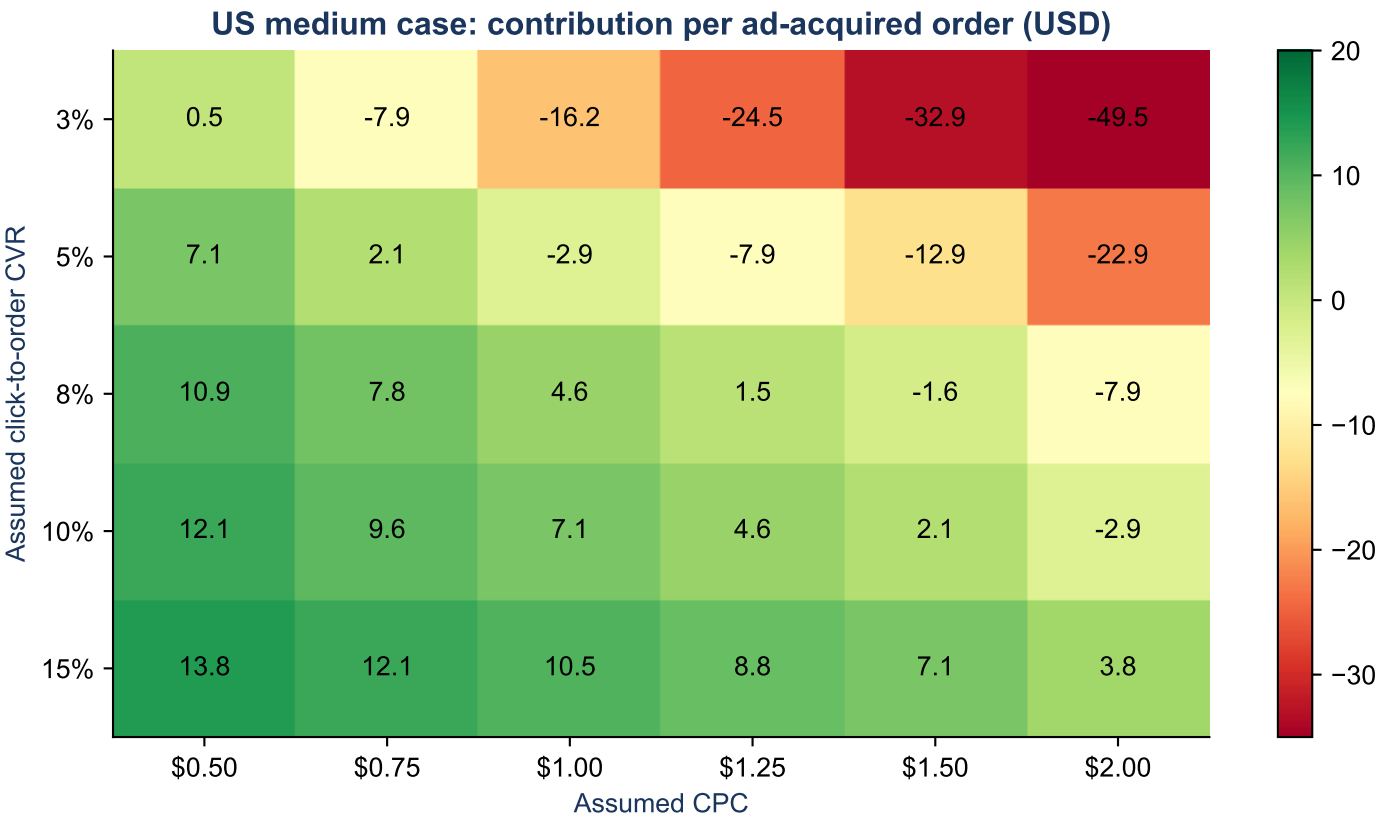

33 anonymous query snapshots, 26 Oct 2026. Mixed sizes/sets; title-screened materials. US/UK overseas destination retained; UK tax treatment at checkout unverified.

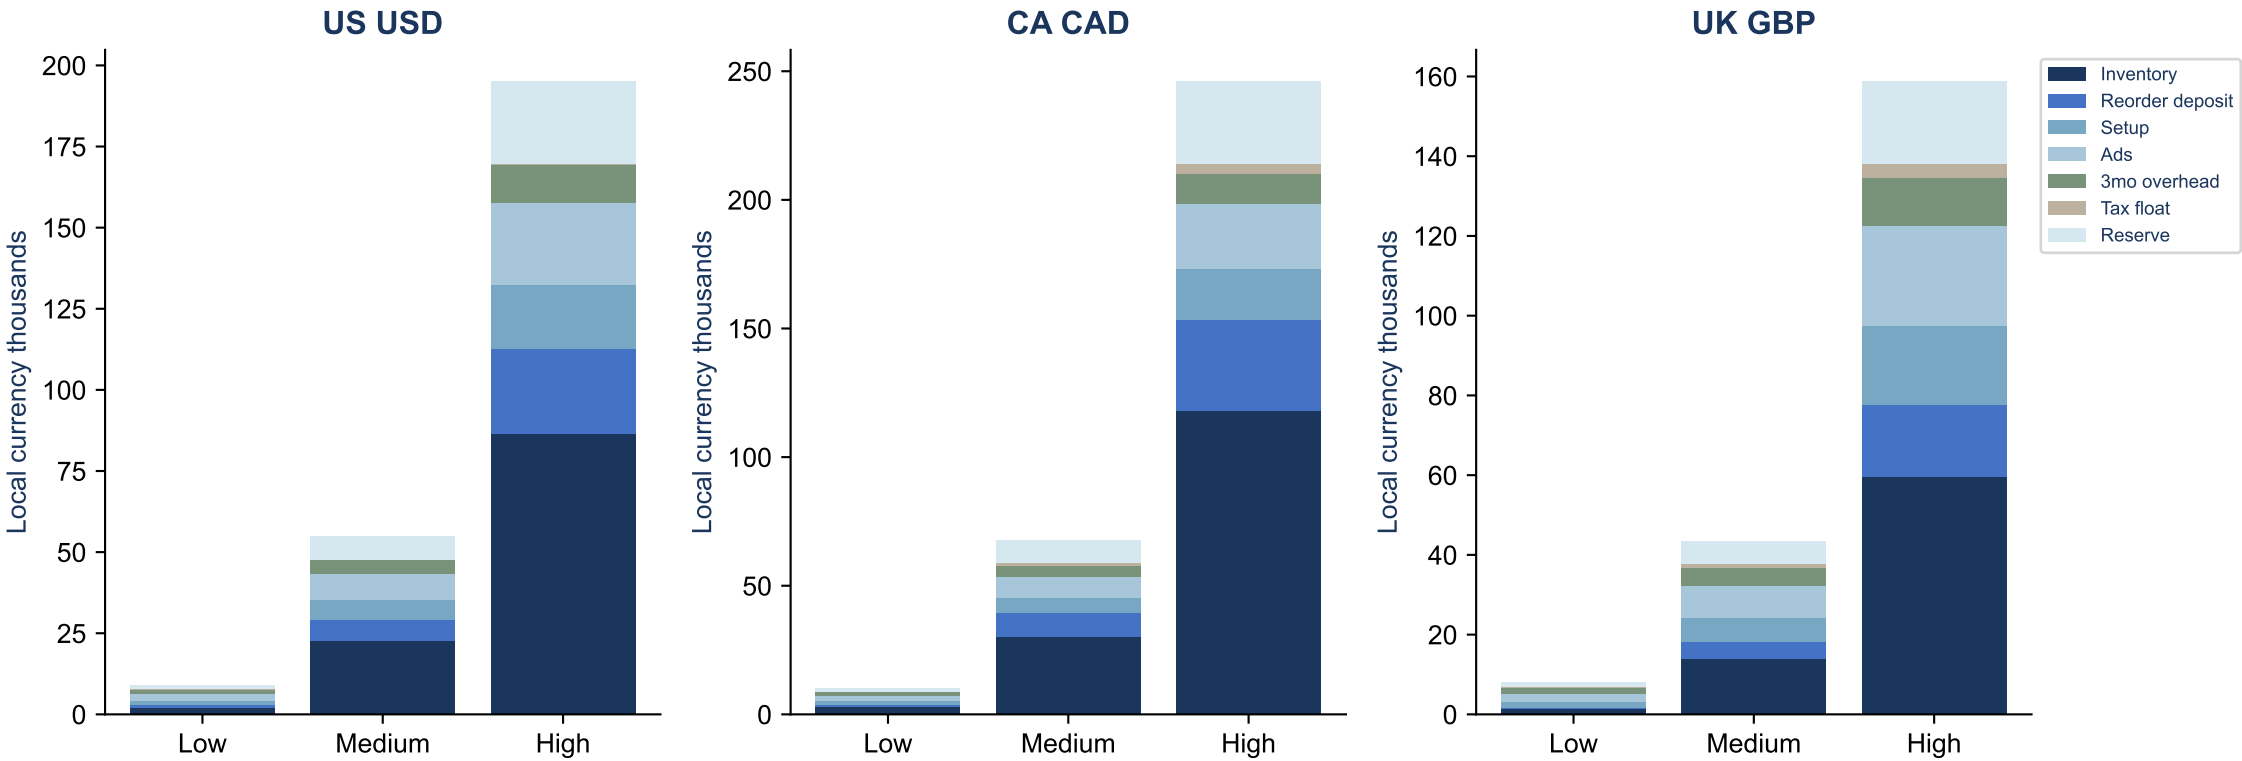

Discovery only. Ratings may pool countries/variants, are rounded, and are not text-review counts. Right: card visibility among resolved brands, NOT sales share/HHI.

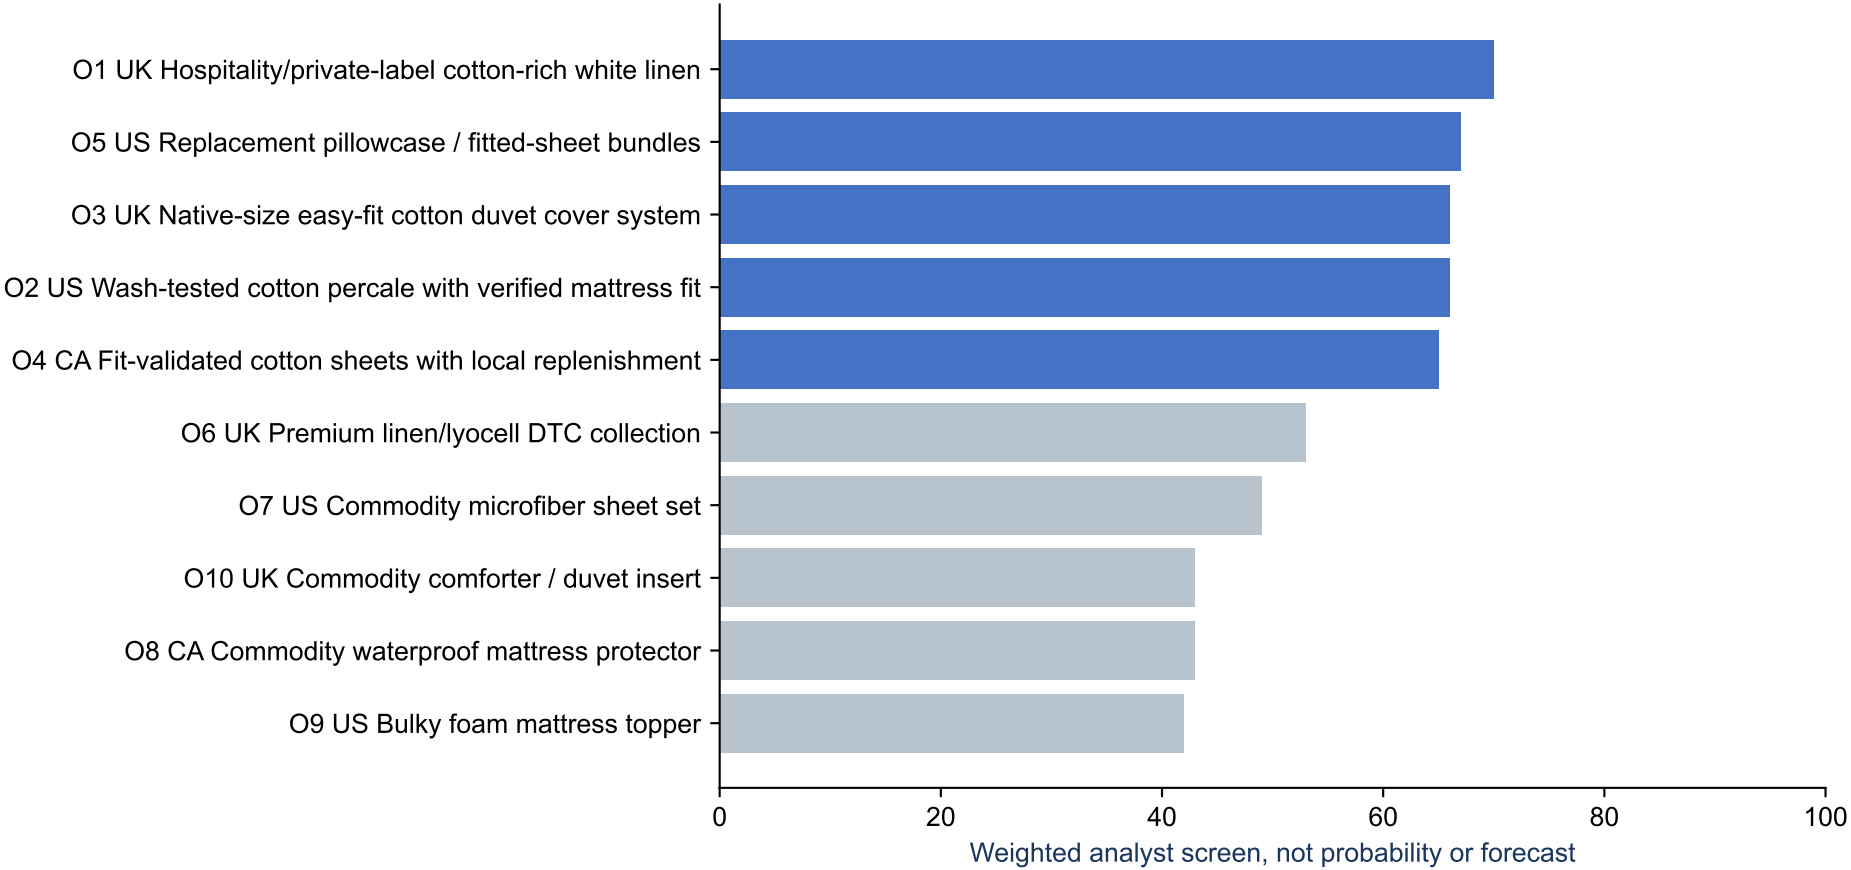

SCENARIO, not observed ad performance. Pre-ad contribution fixed at USD 17.15. CPA=CPC/CVR. Returns and discount included in base case.

Separate currency panels; no FX comparison. Inventory/deposits/tax float are working capital, not all immediate expenses. Larger cases can lose money.

Feasibility priority: close scores are not decision-grade rankings

Evidence-informed 1-5 judgements; 9 dimensions. Top five within 5 points; most confidence low to medium-low. CAC and supplier economics remain unverified.
